To whom it may concern,

The residents of Aquidneck Street, Theresa Street, Frieda Street and Margaret Street have signed the attached Petition to keep Aquidneck Street between East Rodney French Blvd and Mina Street a two-way street.

It has recently come to our attention that this has been a one-way since approximately 1965. Unfortunately, there has never been any signs indicating this and it has always been treated as a two-way street. Within this past week, there has been a traffic attendant issuing parking tickets for vehicles facing the wrong way. There are multiple vehicles every day that drive down Aquidneck because this is something that has never been enforced due the proper signs were never placed.

We thank you for your time and consideration regarding this matter.
