CITY CLERK

In accordance with the requirements of the New Bedford City Code, Article XI, Section 2-157 Demolition of Buildings, the Preservation Planner, designated to act on behalf of the New Bedford Historical Commission, has examined the structure located at the above-captioned site in order to determine its historical significance and whether it is in the public interest to preserve such structure.

The Preservation Planner reviewed the application for demolition and hereby forwards its findings and recommendation in this matter to the New Bedford City Council:

- The structure is not located in a National Register Historic District.
- The structure no longer retains historic integrity in its location, setting and materials.
- The structure is of no notable historic significance either recorded or found with the existing condition of the structure.

In light of these findings, the Preservation Planner has determined that the structure at 64-66 Emma Street is neither a Historically Significant nor a Preferably Preserved structure.
