RE: Request for Transfer

The Health Department is requesting a transfer in the amount of \$5,000.00 from our 800 Capital Outlay account to our 400 Supplies & Materials account object #540710. This transfer is requested to purchase supplies for our school-based dental program so we can provide dental services into May, 2017 instead of having to end in March, 2017. We have had an especially high number of students enrolling in the dental program this year. In the past, we have been able to supplement our dental supplies with other sources that were not available this year. The surplus in our 800 account is due to our purchasing a piece of equipment last year that was slated for this year.
