

New Bedford, Mass., November 2018

TRAFFIC COMMISSION
City of New Bedford
51 Elm Street
New Bedford, MA 02740

31-220

The undersigned respectfully asks that a handicapped parking spot be approved by the Traffic Commission for our use in front of our home at 10-12 Waldo Street. We do not have a driveway and walking a long distance to our home has become problematic as we have aged and have some medical challenges. Approval of this handicapped parking spot would be very helpful. Thank you for your consideration of our request.
