TIF BOARD ANNUAL REPORT – 2018 01.29.19

Overview

Since the inception of the Tax Increment Financing (TIF) Program in New Bedford in 1996 a total of 114 projects have been certified. These projects ensure a certain level of investment and job creation by the private sector while the Commonwealth and the City have provided a measure of incentive on new short-term taxes.

In 2018, 18 such agreements remained active and compliant with the program's reporting requirements. These projects have added more than \$101 million in new private sector investment, have created more than 279 new jobs, and have ensured that more than 879 jobs have been retained in New Bedford.

In 2018 the TIF Board, City Council, and the Commonwealth have approved one project:

Plumbers' Supply Company for a 15-year TIF

This project has a value of more than \$18M and will result in the creation of 20 full time jobs (7 at the New Bedford facility) over the first five years of the agreement and the retention of the 43 jobs at the current New Bedford facility.

At the time of this report, we have three projects in the pipeline at various stages of the application process and agreements for project value or job creation/retention have not yet been finalized. These projects include:

- Northern Wind
- Atlantic Red Crab
- Revere Copper & Brass site

TIF Board Activity

The TIF Board met once in 2018. Minutes of the March 1st meeting are attached. Throughout the year staff interacts with the Assessor on pending applications to determine estimated value of proposed projects to present the most accurate estimate of values possible at the time of presentation to the TIF Board and City Council.

Staff has also conducted site visits for three companies with active agreements. These companies included; Plumbers' Supply Co., New Bedford Urban Renaissance II, LLC (New Hotel), and SERVPRO of Dartmouth. Letters have also been sent to twelve companies that are not up to date with annual reporting for the current year or have not yet met investment/job creation requirements. Copies of all communications are attached.

Plumbers Supply Company at Lot 10 Business Park—proposed 15-year TIF agreement Staff presented all application materials including the hypothetical calculations and project overview—first submitted to the members via email. Mr. Silva reviewed the documents and provided a general overview of the proposal by Plumbers Supply Company to expand and stay in New Bedford with the construction of a new headquarters and distribution facility at Lot 10 in the New Bedford Business Park. Mr. Silvia stated that the company had explored several out-of-state options given they have locations throughout New England, but the Business Park site and the willingness of the City to partner made New Bedford the better fit. The project includes the acquisition of the land, construction, equipment, and moving expenses that will enable a 175,000 square

foot facility to be constructed (20,000 sq. ft. is office/training space and 155,000 of warehouse space.)

The site acquisition, construction, equipment, moving, and other capital investment total approximately \$18,000,000. Mr. Silva stated that after reviewing the proposal with the Assessor's office, that a TIF structure is proposed, since these investments are new construction on vacant land.

Mr. Silva continued by stating that the 43 current employees will be retained and 20 new fulltime employees (seven at the New Bedford facility) will be hired by Plumbers Supply over the term of the agreement. The average wage for the retained jobs is \$87,000 per year and the average wage for new hires will be \$58,000 annually.

Dear Mr. Bouley,

As part of our annual review of the City's Tax Increment Financing (TIF) Program, we review each file for compliance with the reporting, investments and jobs as required per the TIF agreement.

Based on your last report submitted for 2017, we can see that you have met your investment requirement of \$134,500; however the requirements to create (4) and retain (37) jobs has not yet been met with your reporting of only 29 full time jobs at the end of 2017, which is less than the 37 jobs that were to be retained and 4 jobs that were to be created. You may have created those jobs in 2018; however you have not yet filed the 2018 report. We would ask that you take a few minutes to submit your 2018 report as soon as possible.

Please contact Nancy Durant, our Lending and Compliance Specialist should you have any questions or concerns. Ms. Durant can be reached at 508-971-0223 or 508-991-3122 Ext. 119.
