SUBJECT: FY 2020 General Fund Budget Reconciliation

As in past years, several departments will require transfers prior to the end of the fiscal year to eliminate deficits resulting from excess expenditures, grant match requirements and budget reductions. Over the course of FY 2020, we have taken several steps to restrain the overall rate of expense, including continuation of the hiring slowdown and enforcement of cost controls in the nonpersonnel accounts. The advent of the COVID-19 pandemic exacerbated the situation, resulting in excess expenditures in some areas and unanticipated savings in others.

Revenue losses due to the pandemic will leave the General Fund with a deficit against budget, currently estimated at about \$2-\$2.5 million. In addition, COVID-19 related expenditures will total approximately \$2 million, although we believe those expenses will be reimbursed by FEMA and CARES Act funding. There will be also be savings in a number of areas: most notably, health insurance expenditures dropped precipitously during the pandemic as medical providers ceased providing elective and routine services. Regardless, it will be necessary to effect several transfers in order to prevent individual deficits from being raised on next year's tax recap. Most of the requested transfers will be internal to the respective departments, although several will require funding from other departments to balance.

The largest drivers requiring interdepartmental support will be underbudgeting in the Fire and General Government Unclassified (GGU) budgets. Personnel expenditures in the Fire Department will exceed budget principally due to overtime expenses, which continue to exceed budget despite increases over the past several years. The GGU budget was reduced by the City Council during the budget process, with the direction that staff identify offsetting funding elsewhere. In addition, several interdepartmental transfers will be submitted to offset anticipated deficits resulting from insufficient vacancy savings and excess personnel and material expenses. In addition to Fire and GGU, the departments requiring interdepartmental transfers are City Clerk, Clerk of Committees, CFO, Mayor, Zoo, Emergency Medical Services, Traffic, Planning, Licensing, and Elections.

Thank you for your consideration. Please do not hesitate to contact me if you have any questions or concerns.
