SUBJECT: Transfer from MIS Charges & Services

Requesting the transfer of \$3,380 from MIS - Charges & Services to MIS - Other Financing Uses. The surplus is the result of a change in software maintenance.

The purpose of this transfer is to provide part of a grants cash match. A Community Compact Grant in the amount of \$176,972 was awarded to the City by the Commonwealth of Massachusetts for the implementation of network segmentation.

Network segmentation is the practice of splitting a computer network into subnetworks or network segments (also known as zoning) in an effort to increase cyber security protection.
