Subject: New Bedford Energy Now Revolving Loan Fund projected FY22 Revenue and FY23 Expenditures

Dear President Ian Abreu and Honorable Members of the City Council:

New Bedford Energy Now is a residential program that has been on hold since the elimination of the Assistant Energy Project Manager position. As such, we do not anticipate revenue to the corresponding Fund 1251 in FY22, nor do we foresee substantial expenditures from the fund in FY23. There may be a small expenditure of \$5,000 or less in FY23 for limited residential outreach if capacity allows.

Should you have questions or require further information from me regarding this issue, please contact me directly at 508-979-1487.

Sincerely,

Michele Paul, LSP

Director, Resilience and Environmental Stewardship, City of New Bedford
