Re: Demolition of Buildings or Structures Revolving Fund (1241)

The Department of Inspectional Services oversees the Demolition of Buildings or Structures Revolving Fund (1241). The purpose of this fund is to fund the demolition, removal or securing of buildings or structures or the securing of the land.

Revenue received is in the form of charges, fines, liens, insurance proceeds, restitution payments (which are credited to the fund), among other things. The total expenditures from this fund are limited by the current fund balance and, of course, the number of demolitions to be performed.

The fund balance is \$49,925.60. The anticipated FY22 revenue is \$8,850.29 and the estimated FY22 expenses are \$484.14.

At present, the current fund balance is \$58,291.75 and we are requesting that this amount be made available in the 200 Account for FY23.
