Subject: Purchase of 449 North St. by City of New Bedford for Central Kitchen

I am asking you for the correct path back to the City Property Committee. The City Property Committee allowed us to negotiate the purchase of 449 North St. We now have a Purchase and Sales agreement being signed by the owner. We need approval to purchase the property and proceed to the City Council with a request for 5Million as detailed in the following letter.

The letter contained herewith contains details of work to be done at the site. The P&S and MOU should be available from the City Solicitor. We would like to move this to City Property Committee ASAP.
