Mr. Chairman and members of the Committee on Memorials and Dedications:

Thank you for your consideration of the attached application for a memorial bench and plaque. I would like to notify you of a pending matter before our department regarding the tree that Ms Susan Pimentel had donated about two years ago, which is where she would like the bench sited.

This tree was planted by DPI without notifying Parks, Recreation & Beaches or the Friends of Buttonwood Park. Neither was the Buttonwood Park Master Plan consulted in determining the location of the tree. As a result, our department will be working with DPI and the Friends of the Park group to move the tree to a location suitable to the Master Plan. We are working with the Friends to identify multiple locations where the tree and the bench would be appropriate.

It is our intention to establish a plan to execute this work with DPI and identify potential sites for the tree and bench prior to speaking with Ms Pimentel, that way we can present her with the good news of her memorial bench approval at the same time as delivering the unpleasant news that her tree must be relocated. We also want to ensure we have as many answers for her as possible when she is notified. Her generous donation is very much appreciated and we hope to keep the stress of working through this situation at a minimum, and that requires both departments and the Friends of the Park working together on the same page.

The Committee may contact our office if they require additional information.

Respectfully,

IN CITY COUNCIL, March 28, 2019

Referred to the Special Committee on Memorials and Dedications.
