I respectfully request that you recommend to City Council the appropriation of \$100,000.00 for the FY19 Railyard & Rail Crossing Revolving fund.

This fund was developed as a result of the access agreement between EQ Northeast and the City of New Bedford. Currently, the Department of Public Infrastructure, in conjunction with the Solicitor's Office, oversees the use of the site and the tracking of the fund.

FY18 revenue through June 30, 2018 is estimated to be \$41,200.00. FY18 expenses through June 30, 2018 are estimated to be \$4,000.00. FY19 expenses would be for legal expenses and related site maintenance and will be on an as-needed basis.

Dear Mr. Mayor:

I am writing in response to the CFO's request for information pertaining to the Revolving Fund that is operated and maintained by the Clerk of Committees. The information requested is as follows:

1. The purpose of this revolving fund is to properly advertise and notify abutters of Special Permit Hearings, which are held in the Committee on Appointments & Briefings.
2. Approximately \$5,000.00 should be credited to this revolving fund for FY19.
3. Individuals, corporations, or other such parties seeking special permits are the source of these funds.
4. It is estimated that there will be approximately \$5,000.00 that again goes through this fund in FY19. However, this number is based solely on the information we have on hand from past years, and could be slightly or even dramatically different. There was not a lot of activity for this fund in FY18.
5. The Clerk of Committees' Office maintains operation and control of Revolving Fund #1240.

Thank you for your attention. Please do not hesitate to contact me should you require additional information regarding our Revolving Fund.

Sincerely,

Donna M. Britto

Re: REVOLVING FUND – TOURISM FUND 1210

The purpose of the tourism revolving fund is to collect sponsorship funds associated with city events, co-op advertising expenses and fees relating to film permitting. New and continuous programs that will generate funds are the newly installed Zagster Bike Share program, banner advertising, brochure rack advertising and promotional music CD to be sold at the Waterfront Visitors Center.

Continuous program: City partner banner program will defray costs of banner design, printing and installation citywide. The purpose of the partner banner program is to add life and color to the city's streetscape, while at the same time, promoting businesses, historical & cultural offerings, entertainment and overall benefit to the city. Banners are good for business; it shows a unified welcoming design which promotes commerce, tourism and activity within the city. Banner advertising ranging from \$850 - \$2,500 will support the total cost of the banner program.

Continuous program: Advertising and Brochure distribution at the Waterfront Visitors Center on Pier 3. New Bedford businesses are not assessed a fee, the fee for regional and statewide advertisers for a standard brochure slot annually is \$120 and a double brochure slot annually is \$200. The generation of funds for brochure advertising will support costs associated with operating the Waterfront Visitors Center seasonally including weekly cleaning fees, flags, banners and visitor services.

Specific sponsorship funds include summer sound series concert sponsorship and Movie Night sponsorship ranging from \$250 - \$2,000 and Zagster Bike Share sponsorship ranging from \$4,500 to \$9,000. Other city events including but not limited to, New Year's Eve celebrations, 4<sup>th</sup> of July celebrations and any other city sponsored special events.

Co-op advertising will include collaborations with local partners to participate in advertising at a shared cost to effectively and efficiently promote New Bedford. Shared advertising will allow our marketing/advertising dollars to reach a larger targeted market both nationally and internationally. Co-op advertising rates can range from \$500 - \$5,000 per partner.

Film permitting fees associated with permitting for film production in the city are common and customary to offset the costs of administrative time, permit supplies and film website maintenance. Film permit fee is as follows: less than 100 people \$75, 100-150 people \$100, over 150 people \$125.

Estimated revenues as of 6/30/18 are \$23,558.02 from co-op advertising, banner program, Zagster sponsorship, brochure advertising program, sponsors and film permitting fees.

The amount to be expended in FY19 for co-op advertising, city sponsored events, sponsors banner advertising, brochure distribution and permit fees are \$20,000.

**SUBJECT:** Disposition of Free Cash Balance

As you will recall, the City's FY 2017 Free Cash certification for the General Fund totaled \$1,476,004. Of that amount, \$1,144,000 was designated for several purposes, and \$332,004 was held as an unappropriated reserve in case of unforeseen expenses, such as excessive overtime or snow removal costs. Our ability to successfully manage the FY 2018 budget utilizing already available resources means that the remaining balance is available for final disposition.

The purpose of this memorandum is to request assignment of the remaining Free Cash balance to the General Fund Stabilization Fund. The Stabilization account has a current balance of \$7,033,767, which is equivalent to 2.2% of General Fund revenue. This amount is at the lower end of the 2.0%-6.0% benchmark established in the City's financial policies; designation of the Free Cash balance would allow for a modest increase to 2.3%.

Thank you for your consideration. Please do not hesitate to contact me if you have any questions or concerns.

RE: Surplus

Dear Ari Sky,

The Traffic Commission is declaring a surplus of Twenty Thousand Dollars (\$20,000.00) in the 100 account due to multiple ongoing parking supervisor vacancies.

I'm also declaring a surplus of Five Thousand Dollars (\$5,000.00) in the 200 account from the Data Processing line, the expenditure of this line item is a direct result to the amount of tickets written by parking supervisors.

Dear Mayor Mitchell,

Inspectional Services Department is requesting the granting of a Residency Waiver for Carl Bizarro. I am recommending that Carl remains employed as a Local Building Inspector. Mr. Bizarro is currently living in the Town of Acushnet with his family. We are also requesting that this be his last residency waiver for he will have fulfilled the 3 years of employment for the City of New Bedford by the time this residency waiver expires.

Mr. Bizarro has been a great asset to the Inspectional Services Department. He has demonstrated the ability of handling tough work assignments which resulted to the work flow of permits and inspections being processed more efficiently and effectively for the City of New Bedford. He has continually been instrumental with assisting the Mayor's Task Force with the increase of Certificate of Inspections which has many homeowners of multifamily properties and business owners complying with zoning and building codes which in turn makes the properties and businesses safe for the tenants and/or constituents. He has been consistently learning codes and zoning to be better proficient as an Local Building Inspector and is a team player. Please consider this request as I feel he will be a continuous asset to the department.

RE: SEWER ABATEMENT REQUEST

Linda Solomon  
66 Russell St  
Account #: 1011306

Attached, for your review, is correspondence related to the above referenced sewer abatement request.

The circumstances associated with this request have been investigated by the Department of Public Infrastructure, Wastewater Division. As a result of the investigation, a pipe in the basement burst and all water discharged through this leak seeped into the basement floor and was absorbed and did not enter the collection system. I would recommend that a credit of \$232.32 be allowed.

Should you be in agreement, I would ask that you communicate the abatement recommendation to the City Council.

Dear Commissioner Ponte,

I am writing to you in regards to my Water/Sewer bill.

On or about January 2-3, 2018, I received a telephone call while I was away during the Christmas/New Year holiday from my neighbor indicating that she had very low water pressure.

I had my brother to go over to my house to see what the problem was. He informed me that I had a (Water Pipe) burst in my Basement. My brother told me that he repaired the Pipe. He had no idea how long the water had been running.

When I received my Monthly Statement from the Department of Public Infrastructure, I noticed that my (Water/Sewer) bill was extremely high (\$416.24).

I immediately called the Department of Public Infrastructure and informed them of my concern regarding this excessively high Bill. I spoke with (Mr. George Burr).

Mr. Burr informed me that (53 Cubic Feet) of water poured out of my pipe, and that's why my Bill is (\$416.24).

I explained to him that my Monthly Bills are never that high, and my Invoices normally runs anywhere between (\$40-\$90) per month.

Mr. Burr explained to me that he would note on my Account (Special Condition/No Shut-off) until this issue is figured out and where exactly the Pipe broke.

He informed me that he could send someone out to investigate, but said it will cost me (\$60). I informed him that I could not afford that, because I am on a extremely low income from Social Security and also a Senior.

I was then told to contact you in regards to requesting some kind of assistance in reducing this Bill of (\$416.24).

I am thanking you in advance for any kind of adjustment regarding this matter.

CITY CLERKS OFFICE  
NEW BEDFORD, MA

In accordance with the requirements of the New Bedford City Code, Article XI, Section 2-157 Demolition of Buildings, the New Bedford Historical Commission [NBHC] has examined the structure located at the above-captioned site in order to determine its historical significance and whether it is in the public interest to preserve such structure.

The NBHC reviewed the application for demolition at its April 2, 2018 meeting, and hereby forwards its findings and recommendation in this matter to the New Bedford City Council:

- The structure is historically significant due to its association with members of the Spooner family who settled in this location from Plymouth in 1660, eight years after the "Old Dartmouth" land mass was purchased from Wamsutta in 1652. The Spooners were a well respected farming family whose vast land holdings were primarily located in the subject area, north of Acushnet Village.
- The residential structure, although associated with the Spooner family, has been altered with the application of vinyl siding and its original windows replaced.
- The property lacks in integrity, as it no longer possesses its historic qualities of setting and feeling. The land surrounding the subject parcel is no longer used for agricultural purposes and due to its location bordered by commercial development and its current Mixed Use Business Zoning; it is no longer attractive as a residential use.

**In light of these findings, the New Bedford Historical Commission has determined that the structure at 2914 Acushnet Avenue is historically significant, but not a preferably preserved historic structure.**

4140B. **Special Permit.**

- (iv) No activity shall be conducted at a Marijuana Establishment or Medical Marijuana Treatment Center other than that for which the special permit has been issued.
- (v) A Marijuana Establishment or Medical Marijuana Treatment Center must, prior to seeking a special permit from the Planning Board, file a security plan with the New Bedford Police Department that includes information relating to alarms, fencing, gates, limited access areas, delivery procedures, police details, and video and lighting locations. If the 20% number is not a whole number at the time that the Planning Board is considering a special permit application for a Marijuana Retailer, then it shall be rounded up to the next whole number for purposes of determining the maximum allowable number of special permits in the City for Marijuana Retailers. A special permit for a Marijuana Retailer shall not be revoked solely because the total number of special permits issued to Marijuana Retailers in the City exceeds the 20% number due to a reduction in the number of licenses issued within the City under MGL c.138, §15.
- (ii) Other than any Medical Marijuana Treatment Center that received a provisional certificate of registration from the Department of Public Health prior to July 1, 2017 and entered into a Host Community Agreement with the City, there shall be no Medical Marijuana Treatment Centers in the City that dispense marijuana or marijuana products to the public.

Subject: My time as a medic student with New Bedford EMS

To Whom it May Concern,

During my long drive home last night I had the opportunity to reflect on how my time with you has shaped me into the paramedic I dreamed of being. I am not all the way there, but the experience I received has better prepared me for my practical and written examinations. Words cannot communicate how appreciative and thankful I am for the time I spent with all of you learning.

Everyone was extremely welcoming and patient. As I began the ride along I was slightly apprehensive about practicing new skills with a team I was not familiar with. The folks I rode with immediately took me under their wing as if I was already one of their own. They encouraged me, guided me and ensured I had the opportunities to practice the required skills in a safe and supportive environment. They walked me through procedures and helped me improve my IV technique. By the end of the ride along I was able to quickly and efficiently start an IV on any patient type we came across. The team always managed to provide constructive criticism and instructions for improvement, with always our patients safety and my development in mind.

In addition to my practical skills they also helped show me how a paramedic can best engage with the hospital staff. They encouraged me to be precise and specific on my SOAP notes, and how best to communicate with the hospital staff that were required to take over at time of patient transfer. I also had the opportunity to engage with law enforcement individuals during my training period. This full "Day in the Life" view helped me realize how paramedics, law enforcement individuals and hospital personnel are connected as we fight for human life in these medical emergency situations.

All the medics I worked with were professional and their passion for their patients and their dedication to human life was evident in everything they do. I will never forget the time I spent with you all and thank you for everything you have shared and taught me.

If you would like additional information, or would like to discuss further, please feel free to contact me.

Sincerely,

Kelly Randi

>> Good Afternoon, Aaron:

>>

>> I hope all is well.

>>

>> My apologies for not returning this email sooner.

>>

>> We appreciate your interest in potentially investing in our community.

>>

>> I am currently the chairman of our special City Council committee on zoning & ordinance of cannabis.

>>

>> Our next meeting is Monday, June 11th at 6:30 p.m. in the City Council antechamber room (second floor at City Hall) where our committee will be voting on, and making a recommendation on the preferred zoning structure for the city (regarding all legal cannabis-related business development in the Commonwealth of Massachusetts).

>>

>> Members of the committee have been working diligently with members of our administration, solicitors office, building department, planning office and City Council legal counsel over this past year to identify zoning which is equitable for all parties.

>>

>> From our recommendation on the 11th, the full city council will then refer the item to our Planning Board so that Board can conduct its due diligence and hold a public hearing regarding the proposed zoning (per the legislation). Once that hearing is concluded, the Planning Board's recommendation will be forwarded off to the City Council committee on ordinances (committee of the whole) where our body will then open and conduct our public hearing. This will also be an opportunity for other council colleagues to weigh in on this proposed zoning.

>>

>> From there, once a proposal on zoning is agreed upon, it will be forwarded off to the full city council once again at a regular meeting and it has to be passed to two separate readings in order to be ordained (with me, so far)? The mayor then has 10 days to ratify it, then, assuming he does, everything is all set regarding zoning.

>>

>> Next step after that for a potential investor such as yourself would be to then contact the administration with a proposal for a Host Community Agreement. Once a meeting is scheduled, both parties would enter into dialogue, and if a deal is agreed upon, both sides would execute the host agreement, it would then come before the City Council for review and ratification (as is the case on all host community agreements and TIF's).

>>

>> Does all of this make sense?

>>

>> If I wasn't too clear, please feel free to call me anytime, or email me back.

>>

>> Looking forward to hopefully meeting you in the not-too-distant future.

>> Good Afternoon City Council Members,

>>

>> My name is Aaron Hussey, I am a resident of New Bedford and one of the original founding members of Coastal Compassion Inc./ Bask Inc. a registered medical marijuana dispensary located in Fairhaven Ma. I have recently resigned as GM of Cultivation from Coastal/Bask to pursue a career in the recreational side of the cannabis industry. I am writing you today in regards to the latest Massachusetts Cannabis Control Commission guidelines for obtaining a recreational cultivators license. This license would be for the cultivation of recreational cannabis only. We would not be selling to the general public but only to actively licensed RMD's located in the state of Massachusetts. My main concern with obtaining such a license is obviously local support and proximity of location. I have recently identified a few buildings that are zoned industrial within the City of New Bedford. While these buildings are zoned industrial I am not 100% sure if they meet all the zoning requirements of the City. My other concern is if the City of New Bedford is ok with this type of new license structure brought forth by the Cannabis Control Commission in the first place. If you could point me in the right direction I would greatly appreciate any info or insight the City Council has to offer.

>>

>> I have almost 8 years of experience in commercial cultivation of cannabis under the Rhode Island Medical Cannabis and Massachusetts Medical Cannabis programs. I would love to bring my expertise in this field to the City of New Bedford and do it right if applicable. I have already secured funding for up to 30,000+ square feet of canopy space expandable to 100,000 square feet which could bring many new local jobs to the community as well. If the City Council has any questions or concerns please feel free to reach out to me at any time.
